{Full name}

{Email}

Dear {Full name},

It is my great pleasure to invite you to attend the Summer Rosetta Conference held at the University of Washington in Seattle, Washington, from June 3-7, 2026.

**EXAMPLE
LETTER**

Name:{Full name}

Title & Dept: {Position at institution}

Institution: {Institution's full name with no abbreviations}

Location: {Institution city and country}

Project title: {Tentative title of your conference presentation}

This conference is held annually and brings together the leaders in the field of protein design, which in recent years has moved from toy challenges to solving real-world problems. Since this field is advancing so rapidly, it is important to include trainees in computational design and modeling at the conference.

You would be an invaluable contributor to this conference, and I anticipate hearing you present your research either as a poster or a presentation. I very much hope that you can accept the invitation, and I am looking forward to welcoming you to the Summer Rosetta Conference.

Sincerely,

Signature
